

Temperature probe manufacturer

Standard models available on stock or customized models on request. Whichever is your need, we have your probe.

> Pt 100 / Pt 1000 / NTC Probes

Probes with connection head, housing or cable...

> Thermocouple K / J / T / N Probes

Probes with connection head, housing, self-adhesive patch, mineral insulated....

> Probes for specific fields

Piping, compost, viticultural....

Customer Satisfaction

In order to meet with your requirements in terms of **Quality / Delivery time / Price**, we have finished products and assembly components available on stock.

Our production line, in accordance with ISO 9001 guideline, guarantees quality probes where every single manufacturing step has been perfectly **performed, controlled** and validated.

Our manufacturing facilities and our reactivity allow us to **manufacture and deliver** your temperature probe in a very short time.

Probes with connection head

- Aluminium alloy/Noryl/Stainless steel head
- Stainless steel, heat resisting steel or mineral insulated sheath, Alard coating...
- Wire mounting : single pair (2, 3 or 4 wires) or multipair (4 or 6 wires)

Pt 100 / Pt 1000 / NTC Thermocouple (K, J, T, N...)

Standard or Custom-Made

Remote compression fitting
Clamp compression fitting
Bent probe
Piping probe
Pyrometric probe

Probe with ambient tip...

ALU / Noryl / Stainless steel head

Precision probes for industrial fields

One need : One customized probe !
CONTACT US !

Interchangeable probe system

Wire probes

- Industry requirements
- Food-industry requirements
- Precision probes
- Wire mounting single pair (2, 3 or 4 wires) or multipair (4 or 6 wires)

Pt 100 / Pt 1000 / NTC Thermocouple (K, J, T, N...)

Standard or Custom-Made

With handle
With pointer tip
With compression fitting

Bent
With self-adhesive patch
With bayonet
For piping

For contact...

One need : One customized probe !
CONTACT US !

Cable and outputs

PVC / Silicone / Teflon® / Glass silk cable
Stainless steel hose (with or without shielding)
Pt 100 / Pt 1000 / NTC / Thermocouple
2, 3 or 4 wires outputs (Single or multipair wire mounting)

Accessories & consumables

- Thermocouple connectors (K, J, T, N...)
- Miniature or standard panel sockets
- Connector panels
- Coiled thermocouple extension leads

- Converters / transmitters (4-20 mA / 0-10 V / 2 wires output)

- Adjustable ring
- Adjustable compression fitting
- Mounting brackets
- Wall fixing support

- Power supply Class 2 (Alternating or direct current)

- 316L stainless steel thermowell

Special requests

Assembling components, compression fittings, mounting brackets, thermowell, miniature or standard panels sockets...

- Compensating cable
- Extension cable

ABS head

- Pt 100 / 0-10 V / 4-20 mA output...

Probes for specific fields

Viticultural / Food industry / Compost...

Temperature datalogger version >>>
<<< Portable thermometer version

STKP
Special biomass

- From -50 to +400°C
- Length from 1000 to 2000mm
- Stainless steel protection sheath

Pt 100 NTC Thermocouple

- With or without display
- Duct mount, remote or ambient-end probe
- Quick and easy mounting
